CUTCHOGUE, LONG ISLAND, NEW YORK

ESTABLISHED 1873 TELEPHONE: PECONIC 4-6755

Prize Winning Exhibit at Cutchogue Flower Show

Cutchogue, L. I., N. Y.
February 3rd, 1955

To My Friends and Patrons:

Please accept this my 1955 catalog with my personal greetings and best wishes for a Happy and Prosperous year and a good one for farm and garden.

Last year we had our ups and downs but the average results from both farm and gardens were good even tho we went through three Hurricanes.

We have a good supply of all kinds of seeds and plants this year for your Farm, Garden, Lawn and Flower beds and would be pleased to receive your orders, and assure you of our very best attention to them. Of course we hope to see you at the place when the plants and seeds are in season.

This is the year to set out Strawberry Plants. We have a good supply of them especially the plants grown from Virus Free stock and of the ever popular Robinson.

Our Asparagus Roots are better than ever and am sure they would give you the very best satisfaction for your garden or field. The Mary Washington we know is good and the new Californina "500" is said to be an improved strain. See the picture on Page 41 which gives you an idea of the fine growth our 1 yr. old roots made.

The very best grade of Grass Seed is still high. We have made the price as reasonable as possible considering quality and the permanent varieties of grass seed that we use. Good lawns are only secured by using good seed, good fertilizer and good care. We have the right kinds of seed and fertilizer and you will have to do the rest.

We specialize in the finest Rose Bushes, Geraniums, Pansy and Petunia plants for your flower beds, and Cabbage, Lettuce and Tomato plants for your garden. Of course, we have many other kinds of plants So for best results buy at Sterlings on Sterling Lane.

Yours for the best in Seeds and Plants,

Ralph W. Sterling

Member of
New England Gladiolus Society
Suffolk County Farm Bureau

98 GIANT PODDED. Large pods. Prolific. Fine quality15	.50

Cutchogue L. I. July 8th. 1954

I had two short rows in my garden of your Sure Crop Wax Beans. I never saw anything like the yield and the fine long pods.

I sold \$15.00 worth from them. — J. S.

Glen Head, Sept. 18, 1953

The Sterling Strain Fordhook Bush Limas and the Golden Cross Bantam Sweet Corn both produced prolifically.

The sample of Contender Beans gave us a very generous crop, and we prefer it to Tendergreen which had previously been a favorite.

Samples of Watermelon and Cantaloupe also did well. — J. L. D.

Sally Davis With A Basket Of Fordhooks

FAVA BEANS

1 bu. will plant 1 acre. Use plant setter for planting

No.	Pkt.	Lb.	12½ Lbs.	50 Lbs.

293	CELERIAC. Giant smooth Prague. Turnip rooted15	.80

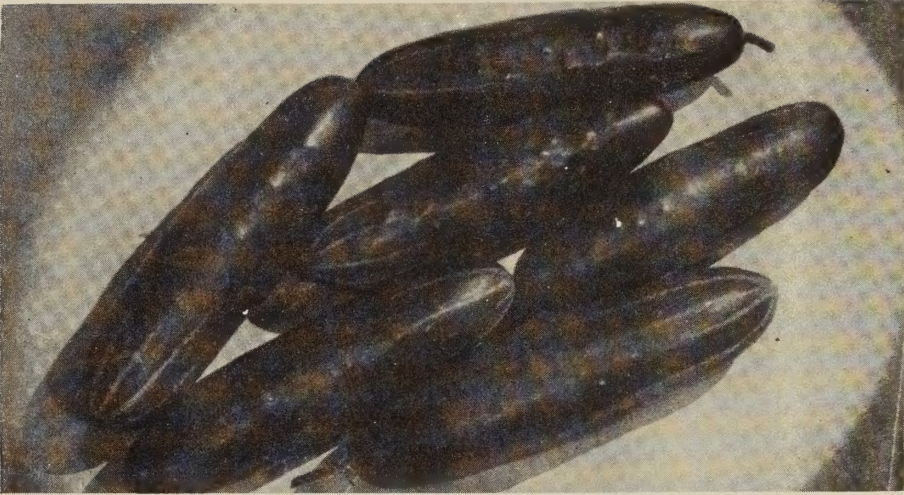

Will have a fine lot of transplanted Celery Plants this year in season.

Mattituck, N. Y., Sept. 18

I wish to say that our small garden did wonderful this year from your seeds. It is our first experience with a garden and we had an abundance of everything including carrots. Our lawn was beautiful sown late this Spring with Sterling Sandy Soil mixture. The white clover is still thriving after this long dry spell. — V. S.

Quogue, L. I. July 12th. 1954

We had the best garden this year that we ever had. Our peas were very prolific and of fine quality and our Great Lakes lettuce is outstanding. Heads large and solid. — S. A.

GRASS, CLOVER AND ALFALFA SEED

Prices liable to change without notice. Kentucky Blue Grass and Fancy Red Top of highest quality are very high in price. We are making our prices as reasonable as possible considering quality. It is the very last fraction of 1% in purity that costs money. I believe that it pays big returns, too, as it is truer in seeds than anything else that **"the best is none too good."**

If your land is sour and Grass and Clover does not do well as a rule, a little lime sown on top of the ground and harrowed in before sowing the seed would be a great help. Why not have your soil tested?

Special price on 100 Lb. lots, \$1.00 per 100 lbs. less than prices quoted in catalog

	1 Lb. to 99 Lbs. per Lb.
TIMOTHY. The brightest and purest seed on the market. 99.65% pure.	\$.35
RED CLOVER. Very best grade. 99% pure76
ALSIKE CLOVER. Does well where Red Clover sometimes fails. Best grade. 99% pure. Mix Alsike and Red Clover for best results53
ALFALFA. Northern grown. Very best strain for this section. 99% pure	.65
CRIMSON CLOVER. Sow in July and August for cover crop28
WHITE CLOVER. Fine for lawn and pasture. Purity 98%	1.10
HIGHLAND BENT. Best Native Bent. Finest quality. Grows well in acid soil. One of the best for lawns. 98% pure	1.00
CHEWINGS FESCUE. Fine for pastures, lawns and sandy soil50
ILLAHEE CREEPING RED FESCUE. Greener and finer than Chewings Fescue. Stands dry weather62
KENTUCKY BLUE GRASS. Does best on sweet soil. Fine for lawns, pastures and orchard. We still have a good supply of this very scarce seed	1.30

Shelter Island, September 17

Had your tomato plants this year and they came beautiful. We never had so many tomatoes. — C. C.

GRASS SEED — Continued

	1 Lb. to 99 Lbs. per Lb.
RYE GRASS. Perennial or English. For a quick cover or lawn	\$.42
ROUGH BLUE GRASS. <i>Poa Trivialis</i> . Good for moist areas80
RED TOP. Fancy re-cleaned. Fine for lawns, new ground and pasture. Best grade. Purity 98%	1.00
HUNGARIAN GRASS. Makes a quick crop of hay15
SUDAN GRASS. Good for pasture, green manure or a heavy crop of hay. Use 40 Lbs. per acre. 25 Lbs. or more at 19c20
STERLING PASTURE MIXTURE. 10 of the best kinds of Grass and Clover Seed, suitable for pasture. Contains no Orchard Grass Use 20 to 40 Lbs. to the acre. Best grade seed. 25 Lbs. or more at 74c per Lb.; 100 Lbs. or more at 73c per Lb.75
LEGUME-AID for inoculating ALFALFA, SWEET CLOVER, ALSIKE, and RED CLOVER. 1 Bu. size, per bottle60
LEGUME-AID for Vetches, Field Peas, etc. 2 Bu. size, per bottle60
We carry Wild White Clover, Merion Blue Grass and <i>Zoysia Japonica</i> in small quantities or can get it on order. Also, we can get you the three new alfalfas if you want to try them out.	

LAWN MAKING

Our Lawn Grass Seed is mixed from the very best grass seed, re-cleaned and free from weeds, and we sell many hundred pounds all over Long Island, as there is no better grade seed on the market.

Loosen the soil in which a new lawn is to be made to a depth of at least five inches, and lighten it with humus, compost or manure if it is heavy and inclined to bake. Apply fertilizer liberally, either Sheep Manure, Bone Meal or both. Use Vigoro on established lawns in early Spring and early Fall. Peat Moss is a very good soil conditioner for lawns.

Sow in the early Spring when cool weather and ample rainfall will insure complete germination and a good start for the seedlings before hot dry weather comes. If seeding must be delayed, special precautions must be taken to prevent the ground drying out. Early Fall is a very desirable time to seed, if moisture is sufficient.

See that the seed is well covered. Rake it into a new seed bed and roll so that the soil is firmed over the seed. Where seed is sown on an old lawn, always cover it with a top dressing of Peat Moss or soil and rake in. Seed thrown on the top of hard ground has no chance to grow and will merely wash off. Fertilize well after seeding.

No Timothy or Rye Grass is ever used in our Lawn Grass Mixture.

JAPEDIZER

Kills the grubs and feeds the grass. Use 10 Lbs. Japedizer per 1,000 square feet and water it well. Afterwards loosen soil of bare and thin patches and re seed. Japedizer kills the grubs and fertilizes the grass.

10-lb. bags	\$2.50
25-lb. bags	6.00
50-lb. bags	11.00

Riverhead, April 26.
I have been trying to get down to your store for two weeks and want 10 lbs. of Sterling Lawn Grass. I bought Sterling Lawn Grass seed last year and sowed it in my cemetery lot in Riverhead. I took good care of the grass and this year that is the best looking plot in the cemetery. I have already mowed the grass once. — C. P.

LAWN GRASS SEED

Prices Liable to Change Without Notice

Four Special Mixtures of the highest grade Grass and Clover Seed on the Market.
No Cheap Filler is ever used in Our Mixtures.

Fertilize your lawns often to help keep out Crab Grass and Chickweed.

1 to 24 25 to
Lbs. 99 Lbs.
per Lb. per Lb.

STERLING LAWN SEED. We prepare this mixture ourselves at Sterling Farm, from the highest grade Highland Bent, Kentucky Blue Grass, Fancy Red Top, White Clover and Illahee Red Fescue. This mixture gives the very best satisfaction throughout Long Island. Quick growing and permanent. Use 3 to 5 Lbs. to 1,000 square feet	\$1.00	\$.99
100 Lbs. or more at 98c		
PARKWAY MIXTURE. This is my own mixture. It contains no White Clover, but a mixture of Highland Bent, Illahee Red Fescue, Kentucky Blue Grass and Fancy Red Top	1.10	1.09
100 Lbs. or more at \$1.08 per Lb.		
SANDY SOIL LAWN SEED. A mixture doing well on light soil and in very dry places. This mixture contains 5 different kinds of grass seed and White Clover. Plenty of Fescue in this mixture95	.94
100 Lbs. or more at 93c per Lb.		
SHADY LAWN. Where there is only partial shade, the other Lawn Grasses are all right, but where it is quite shady, use this special mixture. Five varieties of grass seed in this mixture. Use Vigoro and Bone Meal in Spring and Fall to keep a good lawn in shade95	.94
100 Lbs. or more at 93c per Lb.		
WHITE CLOVER. Best grade	1.10	
CHEWINGS FESCUE. Best for shade50	
KENTUCKY BLUE GRASS. Fine for lawns	1.30	
FANCY RED TOP. Quick growing. 98% pure	1.00	
ROUGH BLUE GRASS. Poa Trivialis80	
ILLAHEE CREEPING RED FESCUE. Fine for lawns62	
HIGHLAND BENT. Finest quality	1.00	

For a good, permanent lawn, use 1 Lb. lawn seed to 200 sq. ft., 100 to 120 Lbs. to the acre. For reseeded an old or poor catch, use half that amount.

GERANIUMS

We have a fine assortment of Potted Geraniums this year. Large, strong plants in bud and bloom.

BETTER TIMES. Beautiful dark red. Very striking.

IRVINGTON BEAUTY. Fine clear pink. Most popular.

LA FAVORITE. Double white.

Last year you sent me a packet of mixed annual flower seed. I wish you could have seen how beautiful they bloomed for me. Have a path through the center of vegetable garden and sowed that seed along the sides. Have seen pictures in magazines and I always thought they were exaggerated but they were nothing compared to the beauty of that 100 ft. row and they did not bloom for just a few weeks but until killed by frosts. — M. P.

GERANIUMS — Continued

A Well Budded Geranium

LA FRANCE. Light pink. Double.

MARTHA WASHINGTON or PELARGONIUM. 4 colors.

PANSY. Purple and white pansy-like blooms.

PINK FIAT. Bright salmon pink.

PINK OLYMPIC. A new compact pink.

MONSELL BEAUTY. Light pink. Profuse blooming.

RADIO RED. Bright red. Good bloomer.

S. A. NUTT. Rich dark crimson.

SUPER RICARD. Bright red. Free blooming. New.

VARIEGATED. Green and white leaves. Red blossoms.

IVY. A trailing Geranium with red, white or pink blossoms.

Priced at 50c to \$1.50 each, \$5.00 to \$8.00 per dozen, according to size and variety. Pelargoniums in several shades of pink, red, and white, also Pansy Geraniums, from \$1.00 to \$2.50 each, in full bloom for Easter.

PERENNIAL PLANTS

Our plants are best for your Hardy Border or your Rock Garden. They are grown from the choicest seed procurable and the most popular sorts. Take care of them and they will bloom for many years. Dig the bed deep, enrich with dry cow manure, keep clean and give protection in Winter. Nice plants, transplanted, well rooted. Top dress with Bone Meal, Sheep Manure or Vigoro. Mulch with Peat Moss.

PLANT DEPARTMENT

Another view of one of our Strawberry beds for 1955.

STRAWBERRY PLANTS

My Strawberry Fields for 1955 are very good. We sprayed our beds to control insects and disease.

Premier, Catskill and Sparkle are grown from Virus Free stock. We have a good supply of these 3 kinds and also plenty of Robinson. Nice plants.

Try a few of the new kinds, especially EMPIRE

12 varieties listed in order of ripening

	25	100	300	1,000
✓ PREMIER. Earliest. Grown from virus free plants.	\$.75	\$2.50	\$6.00	\$18.00
✓ DORSETT. Fine quality. Good for jam75	2.50	6.00	
✓ FAIRFAK. Best quality. Large, firm, sweet.75	2.50	6.00	18.00
✓ FAIRLAND. Large, bright red berries.75	2.50	6.00	18.00
✓ TEMPLE. Good for freezing. Disease resistant.75	2.50	6.00	18.00
✓ EMPIRE. New. Extra large, fine quality.75	2.50	6.00	18.00
✓ CATSKILL. Large. Grown from virus free plants.75	2.50	6.00	18.00
✓ SPARKLE. Fine quality. Grown from virus free plants.75	2.50	6.00	18.00
✓ ROBINSON. Large. Most popular for market.75	2.50	6.00	18.00
✓ TENNESSEE BEAUTY. New. Good for shipping.75	2.50	6.00	18.00
✓ POCAHONTAS. New. Large. Fine flavor.75	2.50	6.00	
✓ AMBROSIA LATE. Large, Delicious.75	2.50	6.00	
✓ MASTODON. The best fall bearer.	1.50	5.00		

All of the above kinds have perfect blossoms and can be set alone if desired, but it is better to have 2 or 3 kinds for cross polinization.

Postage on Strawberry Plants: Add 31c per 25; 45c per 100 and 90c per 300 to above prices.

No Strawberry Plants Dug in August, September or October.

5 of the best varieties

- ✓ CABOT. Early. Good quality. Large berries.
 - ✓ CONCORD. Mid-season. Upright. Large clusters.
 - ✓ JERSEY. Late. Upright. Large firm berries.
 - ✓ RUBEL. Late. Best pollinizer. Large, sweet berries.
 - ✓ RANCOCAS. Mid-season. Tall. One of the best. Prolific.
- 3-yr.-old plants, balled and burlapped, \$1.75 each; \$16.50 for 10 plants assorted. Larger plants in some varieties, \$2.50 to \$7.50 each, according to size.

Set in acid soil. Use plenty of Peat Moss and aluminum sulphate.

SPRING BLOOMING BULBS

TULIPS, NARCISSUS, HYACINTHS, CROCUS, ETC.

We expect to have a good supply of Spring flowering bulbs in the Fall, and will be pleased to book your orders for Fall delivery. Prices will be right for No. 1 sure blooming bulbs. Will have a nice display in the Spring of flowering bulbs in bloom. Come look them over. Will have Potted Hyacinth and Tulip bulbs in full bloom for Easter.

Our field of 1 yr. old Mary Washington and California "500" Asparagus

ASPARAGUS ROOTS

Our Asparagus Roots are nice, large, healthy roots grown from re-selected seed and will make you a successful bed in 1 to 2 yrs. time.

MARY WASHINGTON. This is the largest, most productive and finest flavored Asparagus yet developed. Very high branching, which makes it the best for cutting green. Rust-resistant.	Doz.	100	1,000
One year old roots. Large roots. See cut.	\$.40	\$ 2.50	\$ 15.00
Two year old roots. Ready to cut in 1956.60	2.90	17.50
Four year old roots. Ready to cut this year if set early. Very large crowns80	3.50	22.50

5 thousand or more 1 year old roots, Mary Washington @ \$12.50 per thousand.

CALIFORNIA "500", New. Extra large, high branching stalks. 1 yr. old roots.60	2.90	18.00
--	-----	------	-------

Set out our Sterling Grown Roots this year, about six inches below the surface of the ground, cover with two inches of soil. As the plants grow up, fill trench with well-rotted manure and more soil, and some good fertilizer on top of that. Do not put fertilizer next to any kind of root or plant if you want them to live. Set your Asparagus Roots out as early in the Spring as possible.

Postage on Asparagus Roots: Please send 30c per doz., 40c per 2 doz., 50c per 100 on 1 yr. old roots. Double that for 2 yr. old roots.

East Hampton, Nov. 10

Around the middle of April of this year I bought 200 one year old asparagus crowns from you and planted them in my garden at East Hampton.

You will note from the photographs the luxurious growth that has taken place during the Summer. The rake handle that you see in the picture stands just about 5 feet high.

D. E. L.

NEW HYBRID EARLY SWEET CORN MARCROSS-S

This sensational new hybrid has been bred to meet the exacting demands for a dependable early market corn. The market required a large eared corn of good quality and fine appearance. The grower further requires that this corn be extra early, resistant to cold, resistant to wilt and dependable for yield. Our strain of Marcross 13 x 6 has met these requirements, but has lacked a few days in earliness compared with a few other hybrids.

Marcross S meets this requirement for extra earliness without losing the other good qualities of Marcross 13 x 6. It is several days earlier, very uniform, has more 12 to 14 rowed ears, is equal in quality and appearance, and is resistant to cold and wilt. This is not an untried new hybrid. Our grower had it in his trial grounds for several years. Introduction of this grand new variety has been withheld until performance for the early market could be proven.

Seed treatment of early planted corn is most important for protection against soil diseases and insect damage. Marcross S will be treated with Lindane, Arasan and Phygon to insure the best possible stand and most uniformity in maturity.

Price per pkt., 25c; Per lb., .65; Per 10 lbs., \$6.00
